OUT ON THE LIMB with George Vierhus

"OLD SETTLERS DAY" as such will not be sponsored by the Chamber of Commerce this year, the C. of C. Directors have decided.

The decision will probably be greeted with mixed emotions on the part of many residents of the community. Some, of course, will say "so what" while others will be unhappy.

But before the C. of C. is condemned for this action by those who feel that the community has been let down, we think the entire picture needs to be examined.

The directors of the C. of C. agree that there is a need for a communitywide celebration and are even now planning some activity that will better serve as a rallying ground for latent community spirit.

The action by the Chamber of Commerce does not preclude any other organization from actively sponsoring "Old Settlers Day", if those who wish such an event to be continued can develop the necessary enthusiasm and cooperation that is necessary.

-0-

IN FACT the C. of C. will gladly support such endeavors. The action by the C. of C. opens the door for a new approach for a more complete community celebration.

This, we feel, is important, for there have been actually two "old settlers" events in the past years which has made it quite confusing.

The Orchard City Grange, one of Campbell's pioneer organizations, has honored "old settlers" by a luncheon and other events in February each year. In fact it is the Grange that really is responsible for the start of this traditional event in our community.

Then the "Old Settlers Days" have been celebrated as a community event in May.

Efforts have been made periodically to consolidate the two events to avoid the duplication, but for a number of years the two have gone their separate ways.

We feel that now the way is cleared to find a new theme for a communitywide event.

We concede that honoring old settlers is commendable, but we also feel that it is not necessary to do it twice each year.

WANT A JOB? As a climax to all the fussing, feuding and firing that has involved the anti-poverty program in this county through the Economic Opportunity Commission, we were interested in the following news release received at our office:

"Applications are now being accepted for the position of Executive Director of the Economic Opportunity Commission of Santa Clara County, Inc., the local war on poverty agency...

Proposed ordinance hits 'home occupations' in city

Campbell residents who have been conducting business enterprises from their homes will face stricter city controls in the future, if a new ordinance recommended by the Planning Commission Monday night becomes the law of the city.

The recommendation by the commission specifically defines "Home Occupations" as "any use customarily conducted for compensation within a dwelling by the inhabitants thereof, which is clearly incidental and secondary to the use of the dwelling for residential purposes".

It specifies that home occupations shall require a permit issued by the building official with the concurrence of the planning director and spells out nine conditions under which such a permit can be issued.

These conditions include (1) that the applicant must reside on the premises; (2) there shall be no outside storage; (3) only one room can be used; (4) no retail sales or displays; (5) no commercial vehicles used for delivery; (6) use must be confined entirely to the building; (7) there can be no increased use

Work starts on center at San Tomas-Hacienda

Groundbreaking ceremonies for the first phase of the $1 1/2 million shopping center complex at Hacienda and San Tomas is scheduled for Friday, March 11, at 10 a.m., Ray Snyder, vice-president of Topaz Builders, the developers of the property, has reported.

Snyder said that the first unit constructed will be a 20,000 square-foot market which will be operated by Dick Yee, owner of a number of Dick's Markets in the area. The market should be completed in the summer.

It is planned to call the center, "Rolling Hills Shopping Center, and the construction schedule calls for other stores to be started 60 days or less after the market is completed.

Before Topaz received approval of its plans for the development of the property a number of hearings were held at which strong opposition was offered by owners of other smaller shopping centers in the area.

The Topaz development was strongly supported during the hearings by a large delegation of residents in the area adjacent to the proposed center.

New center gets 'Lucky'

Speedy approval was given the "planned development" plans of Sutter Hill Development Co., on Monday night by the Planning Commission for a proposed shopping center featuring a 'Lucky Stores' market.

The center will be built on W. Hamilton Ave. between San Tomas Expressway and the proposed extension of Darryl Drive.

Jack Taylor, representing the developers, said the first phase of the center calls for a 20,000 square foot market to be constructed. He said that

The new shopping center that will go on the 5 1/2 acre parcel was obtained through a lease-purchase arrangement by Sutter Hill with Mr. and Mrs. T. E. Lewis of 775 W. Latimer, guardians of Calegero Orland, 98, owner of the property since 1945.

C. OF C. 'BRASS' HELP MOVE--Gene Kelley (left) and Dick Hardy, vice-president and president, respectively, of the Chamber of Commerce, helped move the C. of C. from the old to the new offices last Friday. The C. of C. has moved its quarters from the Country Woman's Club building on Campbell Ave. to the Pines Plaza building on W. Rincon.

Beauty treatment begins on Hamilton Ave. "strip"

The big day finally came for the Campbell Garden Club as representatives of the City of Campbell planted the first Eucalyptus trees in the divider strips of West Hamilton Avenue last Monday morning. The sun shone brightly for the occasion, and the ladies of the Garden Club wielded their shovels for the cameraman.

The funds for the beautification of Hamilton Ave. were partially raised by a donation drawing sponsored by the Garden Club. The preparation of the soil, the ground cover, and the sprinkling system were provided by the city. The divider strips extend all the way to Phoenix Drive on Hamilton.

PLANT DIVIDER STRIPS - The culmination of many months of effort are realized as the members of the Campbell Garden Club gather to plant the first Eucalyptus trees in the divider strips of West Hamilton Ave. Pictured are (left to right) William Wren, Acting City Engineer; LeRoy Black, superintendent of streets, and Mesdames Minnie Snyder, Henry Blohm, James Grossman, Edna Smith, Debbie Puma, and James Hartman; in the background, partially hidden, Mrs. Ward Brannon and Mrs. Alma Moore.

New college bond issue may go to voters June 7

Citizens in the West Valley Junior College District will probably vote on a campus-building bond issue in the June 7 primary election, if the county supervisors approve tacking the question on the already crowded ballot. This was determined by the trustees of the district last week.

It is estimated that the bond issue will be approximately $19-million. The exact amount and what to be included in the "package", where the first campus will be located and what additional sites will be purchased will probably be decided at a special meeting of the board next Tuesday, March 15, at 7:30 p.m.

The decision to submit the issue came on a 4-2 vote of the trustees, after Leon Poe, chairman of the college's citizen advisory committee, had recommended the June 7 date and, if not passed then, resubmitted for the November election. Mayor William A. Wilson, Jr., of Santa Clara, supported Poe's stand.

It was pointed out in the discussion that there is little time remaining to meet the legal requirements for the election in June.

At the special meeting next Tuesday, the decision will probably be made as to whether campuses at Santa Clara or Saratoga will be constructed first, and also whether land purchase in the Campbell Union High School District will be made.

White Oaks Road to remain open

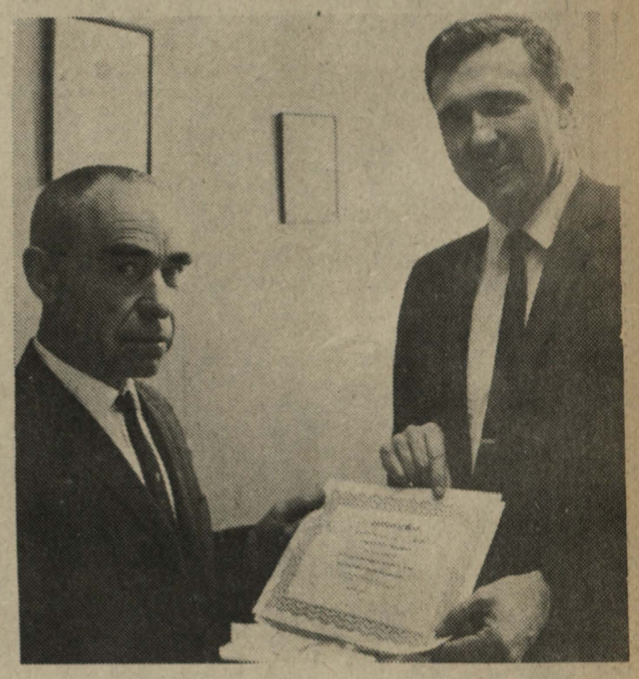
Because the state highway people have apparently modified their plans to close off White Oaks Road, city councilmen at their meeting next Monday, March 14, will probably approve the state plans for the widening of Highway 17 through the city.

The state has indicated agreement to a plan that would not dead-end White Oaks Road, a matter that has held up city approval of any widening plans by the state.

Under a previously suggested proposal, which was vehemently protested by residents of White Oaks Road, access to Camden from White Oaks would have been eliminated.

Although most of the residents affected live in county territory, the city took their side and asked for a better plan before agreeing to the overall state improvements of the freeway.

The council is also scheduled on Monday to honor Fire Chief Cecil Knight, of the Madero, Mexico, fire department, who will be guest of Fire Chief George Maxwell. The local department has assisted Madero in improving that city's fire service.



FIRST AWARD--George Vierhus (left), editor and publisher of The Campbell Press, this week was awarded the first certificate of appreciation presented by the Campbell Police Department. Police Chief John Morgan (right) made the presentation. The award was made, Chief Morgan said, in recognition of the support and cooperation the department has received from The Press. Chief Morgan added that the award will be made six times through the year. The six individuals so chosen will be honored at a public presentation and dinner.

Editorial

Proceed with caution

There is a distinct possibility that the so-called "fair housing" problem that made its official appearance at a recent City Council meeting can be blown out of proportion if all of us concerned with the problem do not exercise good sound judgment.

It was reported that three West Valley College students had been unable to find housing in the community apparently because of racial prejudice on the part of landlords.

We think it behooves all of us in this community in the face of such allegations to keep our feet firmly planted on the ground, for all of us must realize that the issue is packed with emotional dynamite or worse.

While we deplore a situation whereby this community is singled out as one in which housing discrimination exists, we urge caution by all well-meaning individuals in the way of blanket accusations. Generalities are dangerous at any time and especially where human emotions are involved.

We understand that the West Valley College administration has taken steps to establish student housing policies. A special committee composed of students, faculty, college administration and community representatives is to be established to assist in securing student housing.

The college plans to provide a listing of homes or apartments in which students may rent rooms where owners and managers have indicated their facilities are available without respect to race, color, creed or religion.

This is a commendable effort and one which will go far, in our opinion, in eliminating some of the misunderstanding that could arise.

There has been some concern in some quarters, however, on another phase of the situation which has nothing to do with either fair housing or racial discrimination.

This involves the question of accomodating students from outside the junior college district.

Just how far, some have wondered, does a junior college go in the inviting of students from out of the district or out of the state to attend?

It is an obvious observation apparently that as a college grows and becomes better known, students from other areas will be attracted to it.

This seems to be normal. And anyone who desires higher education should not be turned away. We question also whether there could be any legal barriers placed in the way of these students, outside perhaps of a higher registration fee, enrolling in a junior college.

On the other hand, it must be concluded, that a junior college basically is formed for students in a certain given area of one or more high school districts.

Reconciling these two viewpoints presents some difficulty.

We hold that invitations, real or implied, need not be issued to students outside the area especially when a college is plagued with the problem of providing classroom space for students within the district

However, we recognize that higher education should not be denied any and all who desire it.

What we are saying, we suppose, take 'em in, if they come. But don't go after 'em.

of utilities; (8) no structural alterations, including color; (9) no noise in excess of normal residential use.

The ordinance provides for appeal to the Planning Commission and also specifies that home occupations existing at the present time may be continued for one year before complying with the new provisions.

The recommendation by the Planning Commission which now goes to the City Council for approval came after months of study and research by staff personnel and members of the Planning Commission.

The action stems from numerous complaints by residents in the single family areas within the city citing an increasing use of some homes for beauty shops and other such activities in their neighborhoods.

One instance cited was where a resident received a permit to convert a garage into a family room and then began using the new room as a beauty shop as soon as it was completed.

The job pays pretty well...$1,489 to $1,810 per month.

And there are probably some fringe benefits(?)...

That is, if one can call them that...

We have another name for it.

So probably has Mr. Potts, who used to have the job.

COUNTY WELFARE is expensive.

That, we know, is not an original point of view.

But we hadn't paid too much attention to just how expensive until we examined the recent monthly report of the welfare department.

The figures sort of staggered us, and we haven't fully recovered.

If we read the figures correctly, funds that will be expended by the various programs administered by the county department for the year will total $34,874,652. Of this amount $7,257,458 represents county funds.

We noted that the largest category goes to "aid to families with d--ent children... $12,045,929, of which $2,473,318 is county money.

"Unemployed" gets a heft $2,413,950 with the county digging up $434,519 and "old age security" totals $9,-663,400 with the county furnishing $1,024,622.

There was another sad note in the report that we noticed. It showed that for the month there were 1091 "children supervised by department in foster homes or institutions". This figure compared to 912 of a year ago.

Another revealing figure in the report: During the month, 21,884 received aid, compared to 19,139 of a year ago and 21,243 last month.

It sort of makes one think, doesn't it?

following the successful passage of the bond issue.

In other matters, the trustees:

--ACCEPTED, without comment, an administrative policy statement from President Wallace W. Hall that listing of homes or apartments for students will be made only from "those homes or apartments where the owners and/or managers thereof have indicated their facilities are available without respect to race, color, creed or religion." This policy, Dr. Hall said, is "in line with recent Federal and State civil rights legislation."

--APPROVED application for National Defense Education Act funds for two counseling projects.

RIBBON-SNIPPERS--City, County and Chamber of Commerce officials gathered on Saturday to officially open the new ultra-modern American Service Station at Winchester Blvd. and Latimer. Present for the ribbon-cutting ceremony were, left to right, Guy Mencaccy, manager; Mayor Charles Rose; Councilman Homer Hyde; Miss Glynis Wright (Miss Campbell); Supervisor Ralph Mehrkens; Dick Hardy, Chamber of Commerce president; Bob Baker, co-owner of the new station; Jack McCord, selection merchandising representative and D. L. Anderson, sales representative for Peninsula.

Gas stations worry planners

"Gasstationitis", that old bugaboo that apparently has no cure, concerned the Planning Commission on several fronts Monday night when the commission approved the application of Fred Chez and Lowell Grattan for a station at W. Hamilton and Marathon.

Approval came after a prolonged discussion on the plans (submitted under the planned development procedure) which included where the planter boxes should go and whether the station should be smaller in area than the 17,000 square-feet required ordinarily.

In fact the continued onslaught of service stations every time a shopping center is involved was carried over in the discussion of the approval of a new shopping center also on Hamilton.

Although the planners agreed that the presentation of Sutter Hill Co., under PD, for the center proposed which includes a Lucky Stores at Hamilton and San Tomas Expressway was excellent, they wistfully wondered if another service station was needed, even if it was going to come in the second phase (see front page story).

In fact, two of the commissioners, Frank Klein and Tom Perry, cast negative votes on the approval for Sutter Hill because of the future service station problem anticipated.

In other actions on Monday, the commission:

--APPROVED a zone change request of George P. Peterson from R-1-S to C-2-S for a parcel 75-feet x 70-feet at 1047 Ridgeley Drive. Peterson also owns the property adjacent to it facing Bascom on which there is a rundown two-story house. That lot is now zoned C-2-S. A rundown house is also on the smaller parcel, a lot too small to meet single-family footage requirements.

In approving the zone change, the commission emphasized that C-2-S zoning would give more control to what type of building could go on the property and that possibly the zone change would hasten the removing of the "eye-sores" now on the property. Commissioner Kel Young voted no. He said any proposed plans for the use should be first submitted.

--APPROVED a variance for Allan Townley at 1615 Villarita that would allow him to build a second story addition on his house.

--APPROVED, with the condition that the garage door must not open outwards, a front yard setback for Kurt Drosten, of 43 Carlyn, which would allow him to extend his garage. Commissioner Thayer Lyons, a resident on the street, abstained from voting.

--APPROVED plans for a cabinet shop at 1660 Dell Ave., submitted by Ruth, Going and Beck.

--APPROVED plans for a sign for a car care center at 2250 Winchester submitted by Conrad Stieber.

--APPROVED a tentative subdivision map of 40 single-family lots on property of Walter Pruvich on Hamilton Ave.

--APPROVED inter-district contracts with Cabrillo and Foothill Junior College Districts for the 1966-67 school year.

ON CARRIER

Hospitalman Robert L. McCracken, USN, son of Mr. and Mrs. John M. McCracken of 1251 Peggy Ave., Campbell, is a crew-member aboard the anti-submarine warfare (ASW) support aircraft carrier USS Yorktown, which has joined the Seventh Fleet.

Lucky Stores will occupy it. A service station will come later, he added.

Planning Commissioners commented that this was fine with them and was unusual. Ordinarily it is the service station that goes up first.

The lease arrangements with Lucky Stores, Taylor mentioned, also calls for additional stores in the center to be occupied by the time the market opens.

In fact, Commissioner Thayer Lyons offered to make a friendly wager with Taylor that the station would still go in first. Taylor took him up on it.

He said that plans call for the construction to start immediately.

BUC BANTER

BY MARY KNOWLES ALLEN

The time is fast approaching for the opening night of Camelot. From the sneak previews I've been privileged to see so far, Camelot promises to be the best musical in the history of Campbell High School. This success is due to the fine directing of Larry McCommas and John Hall.

This week I would like to feature an interview with the senior class president, Ron Silva, as taken by Shirley Baldwin.

"I plan to major in engineering at the University of Santa Clara. I'll start at mechanical engineering, but I don't know if I'll stay in that field," said Ron Silva, senior class president, concerning his future plans.

Ron chose to run for office because "I felt I should help lead the class to a successful year. I really want to see a lot of spirit behind everything we do so that our senior class will be the greatest!"

The one thing that Ron has looked forward to during his senior year is Graduation Day Exercises. Formerly, Ron has held the offices of junior president, student councilman and student body vice-president.

"I gained valuable experience in seeing how a government works and being a part of it. I now can see what problems our legislators have making laws," were Ron's remarks on his experience in student government.

Ron is a sportsman at heart and has participated in football, wrestling, and track. "My favorite sport is football, but I'd rather watch baseball or the road races like the Laguna Seca. I like to watch the hard tops too."

Concerning his special interests and hobbies, Ron commented, "I've get a pretty good book collection. Someday I even plan to read them. I like to pick up crazy decals like the ones they have in Mad magazine, and I also like to build models."

Campbell's senior class president feels that the most important characteristic a person can possess is sincerity. "If you can't believe a person, you won't have any respect or trust for him."

Campbell Chapter, #553, Order of Eastern Star, went all out to welcome Deputy Matron, Mrs. Elmer Finch, last Friday night. Mrs. Finch represents District #2, State of California. Mrs. Edward Fritts, Worthy Matron, conducted the meeting with all officers attired in white, at the Orchard City Grange Hall.

For the entertainment for the evening, Mrs. George Van Sickle, Mistress of Ceremony and chairman for the program, had changed the Grange Hall into a Roaring Twenties Dance Hall. Such old time favorites as Fanny Brice and Nickey Arnstein were present, played by Mr. and Mrs. Francis M. Lake; Kate Smith, portrayed by Mrs. Evelyn Buck, and Elliot Ness, and a chorus line comprised of the famous Rixie Gang and the Campbell Go-Go girls.

The decor was in keeping with the "20's" with posters of notable characters of the times adorning the walls. Later the guests were treated to refreshments of cold cuts and coffee.

Gaylene Long is now Mrs. Curtis M. Benson

MR. AND MRS. CURTIS BENSON
(Gaylene Long)

Newlyweds Mr. and Mrs. Curtis M. Benson (Gaylene Long) are making their first home in San Jose following their marriage last month in the Calvin Presbyterian Church. The double ring evening ceremony was officiated by Rev. William A. Walmsley.

The bride, an attractive brunette, was attired in a Duchess satin gown with modern styling. The fitted bodice with Sabrina neckline and sheath skirt was accented with a chapel length train. A queens crown of pearls and aurora crystal drops secured her bouffant illusion veil. She carried a white Bible on which was placed stephonotis and a white orchid.

Miss Marilee Parola of San Jose was maid of honor. Her floor length gown of champagne and moss green lace and satin was complemented with matching accessories and a bouquet of yellow carnations.

The bridesmaids, Lynette Long, sister of the bride, and Cathy Benson, sister of the bridegroom, wore champagne and moss green ensembles similar to the maid of honor. Gary Greenfield of San Jose was the best man, and ushers were Bob Greenfield, Don and John Long, brothers of the bride.

The young couple greeted their guests at a reception held in the church hall. A four tiered wedding cake was served to approximately 150 guests.

The bride is the daughter of Mr. and Mrs. Frank N. Long of 531 Pamlar Ave. A graduate of Del Mar High School, she also studied at San Jose City College. She is a majority member of Jobs Daughters, Bethel 174, Campbell.

Curtis is the son of Mrs. Mildred S. Benson of 835 Willow Glen Way, San Jose. After graduation from Willow Glen High School he attended San Jose City College. He is presently employed by De Salvo Appliance in San Jose.

Letters to the Editor

JAYCEES ENDORSE FLUORIDATION

Dear Editor:

Advisory Question No. 1 on the Campbell general municipal election which will be held on Tuesday, April 12, reads "shall the domestic water supplies serving the City of Campbell be fluoridated in a manner recommended and approved by the California State Department of Public Health".

Fluoridation of the Campbell public water supplies is recommended not only by the California State Department of Public Health but also by Dr. W. Elwyn Turner, the Santa Clara County Health Officer and Health Officer for the City of Campbell, the Santa Clara County Medical Society and the Santa Clara County Dental Society.

Experience with approved water fluoridation programs all over the United States have demonstrated that dental decay will be reduced on the average of approximately 60% among those persons drinking this water during the period of formation of their permanent teeth. There are no ill-effects from such programs. The cities of San Francisco, Palo Alto and Morgan Hill have enjoyed the benefits of fluoridated water for 10 or more years with no proven ill-effects.

Campbell citizens have the opportunity to voice a strong desire that these benefits be available to them. Costs of the program become almost insignificant when compared with the benefits to dental health.

The Campbell Junior Chamber of Commerce as a public service to the community stresses the importance of the April 12 election and urges that every registered voter go to the polls and vote YES for fluoridation.

Al Hansen, President
Campbell Junior Chamber of Commerce

IN APPRECIATION

Dear Sir:

Throughout the United States the week of March 6-12 is set aside in recognition of the Girl Scout Movement and proclaimed as Girl Scout Week.

On behalf of the 700 plus Girl Scouts and their families, and the more than 100 adult volunteers of Neighborhood 15, I would like to thank the Campbell Press for the recognition you offer our local Girl Scouts so many times during the year as you publish Girl Scout stories and activities.

You render the Girl Scout movement a very real service in many ways, but particularly in that it creates a heightened interest among the troops to see their names and activities printed in the paper.

It is also very much appreciated that we have this opportunity to interpret to the community that our local Girl Scout activities do demonstrate and put into action the Girl Scout promise to do their duty to God and country, to help other people at all times and to obey the Girl Scout laws of loyalty, honesty, courtesy, cheerfulness, kindness and thrift.

This recognition and cooperation is very much appreciated.

Sincerely,
Mrs. Donald Boren
Publicity Chairman
Girl Scout
Neighborhood 15

ON CAPITOL HILL

with "Charlie" Gubser

With unemployment below four percent serious labor shortages are beginning to develop in many industries and paradoxically the shortages are in both skilled and unskilled trades. Any Washingtonian who tried to recruit labor to shovel snow during the recent blizzard knows how scarce unskilled labor is.

Experts in the Department of Labor don't know why unskilled jobs are going unfilled. As Secretary Wirtz put it, "It may well be the ultimate irony of the affluent society... that when we reach the point at which we want to turn our dirty work over to somebody else, nobody wants to do it."

This statement has not gone unnoticed by California farmers who have argued for some time that there are not enough domestic workers who will do farm work. They find it difficult to reconcile the Secretary's plans to import foreign labor for unskilled non-agricultural jobs with his adamant refusal to consider the importation of Mexican Braceros.

Early in U. S. history immigration supplied our needs for unskilled labor. Now with the enactment of the new and more liberal immigration law of 1965 we are again using the device to import skilled laborers.

Contractors in Springfield, Ill., recently recruited bricklayers from Ireland, the aircraft industry is trying to attract engineers from England, and domestic "live in" employees are being requested by official Washington. The Labor Department estimates it will process 50,000 applications to certify foreign workers for immigration in 1966.

These plans and the acute shortage of unskilled farm workers don't bring smiles of optimism to the California farmer who Secretary Wirtz insists has no need for foreign labor.

The Secretary argues that farmers got along fine last year without the controversial Bracero program. What he doesn't tell people is that he was finally forced to bring in 31,000 last year to save crops from rotting, that we had the most favorable harvest weather in history, and that there were thousands of illegal wetbacks working.

Admittedly, the losses last year were less than expected. But a survey conducted for the State Board of Agriculture by the University of California shows that while gross farm income was up, net income was down by $139.9 million, and almost $100 million of the loss was due to the increased labor costs.

Asparagus crops were total losses, early and late tomatoes were left to rot, strawberries weren't picked and imports from Mexico increased.

If, as Mr. Wirtz admits, members of an "affluent" society won't do farm work then farmers have a right to know why they are denied foreign workers while other employers are not.

Only a miracle could produce two successive weather years like 1965, so wise growers are expecting severe problems. And to make matters more difficult federal money and the influence of some clergymen are being used to encourage farm laborers to join unions and to strike. To use a tired pun--Things may go from bad to Wirtz!
